

# Dental Implant Course

## MAX INSTITUTE OF MEDICAL EXCELLENCE

---

- Comprehensive Workshop in Oral Implantology
- Competency Programme in Advanced Oral Implantology

The Max Dental Care philosophy manifests the natural restoration of dental esthetics, function and comfort for optimized dental implant rehabilitation. It applies evidence based rationale and experience proven implementation of the latest diagnostic, tissue regenerative and restorative protocols.

In addition, it embodies a comprehensive integration of precision imaging technology and science through virtual reality case planning for predictable and long term implant case success.

## COMPREHENSIVE WORKSHOP IN ORAL IMPLANTOLOGY

---

Time: 9 am – 6 pm on all days

Course fee: 19,999 INR (all materials inclusive)

In depth lectures, Stepwise hands-on,  
live surgery and prosthetic  
rehabilitation on patient (2 days)

## COMPETENCY PROGRAMME IN ADVANCED ORAL IMPLANTOLOGY

---

- Time: 9 am – 6 pm on all days
- Course fee: 99,999 INR \*
- \* Includes 2 implants and support  
for surgery and prosthetic rehabilitation  
(all materials inclusive)

## SALIENT FEATURES OF OUR COURSE

---

- Learn it, see it, do it! Immerse yourself in the subject matter with interactive lecture discussion, live surgery, and hands-on workshops
- Develop confidence in your ability to perform surgical procedures you weren't comfortable doing previously.
- Interactive personalised professional outlook in a warm, intimate, casual environment.
- Experience more than just another "how-to" course. You'll find out what really works, what doesn't, and learn "the why"

COMPREHENSIVE  
WORKSHOP  
IN ORAL  
IMPLANTOLOGY

# Module:

Planning, Hands-On and live surgical and prosthetic demonstrations

## Interactive lecture sessions

### Didactics

Introduction and scope of implantology

Diagnosis and treatment planning

Principles of implant surgery

Principles in prosthetic rehabilitation

Advanced concepts including sinus lift, bone augmentation etc.

And many more...

- State-of-art Hands-On training

- Live demonstration

COMPETENCY  
PROGRAMME  
IN ADVANCED  
ORAL  
IMPLANTOLOGY

# Module 1:

Planning, Hands-On and live surgical and prosthetic demonstrations

## Interactive lecture sessions

### Didactics

Introduction and scope of implantology

Diagnosis and treatment planning

Principles of implant surgery

Principles in prosthetic rehabilitation

And many more...

- State-of-art Hands-On training

- Live demonstration

# Module 2:

Surgical placement of implants by participants;  
Advanced implantology

## Participant patient treatment

Implant placement in partially edentulous and fully edentulous mouths

## Interactive lecture sessions

Didactics

Advanced principles of implantology

LASER in implants

Direct and indirect sinus lifts
